## Exodus '04

With you these streets are heaven Now home feels so foreign They told me I was mistaken, infatuated And I was afraid to trust my hunches Now I am ready

Daddy don't be mad that I'm leaving Please let me worry about me Mama don't you worry about me This is my story

Through mountains high and valleys low The ocean, through the desert, snow We'll say goodbye to the friends we know This is our Exodus '04

Through traffic jams in Tokyo New music on the radio We'll say goodbye to the world we know This is our Exodus '04

Landscapes keep changing History teaches something I know I could be mistaken, but my heart has spoken I cannot redirect my feelings The waves have parted

Daddy don't be mad that I'm leaving Please let me worry about me Mama don't you worry about me This is my story

Through mountains high and valleys low The ocean, through the desert, snow We'll say goodbye to the friends we know This is our Exodus '04

I'm listening to a music never ending My baby don't you know I'll never let you down You've opened me to so many different endings But baby I know that you'll always be around

Through mountains high and valleys low The ocean, through the desert, snow We'll say goodbye to the friends we know This is our Exodus '04
