

Stigma of Divinity

Vader

The path divine leads to Hell
Full of sin and humiliation
Betrayal sown by an act of birth
And stigma of inevitable, unwanted death

All Heaven's laughing endlessly
On bended knees you bow in fear
Like cattle guided to the slaughter
Still praying to the butcher's knife
In deep humility

Coronation on the golden throne
Extermination in the name of God

Path divine
To holy reign
Sin and death
Tears and pain
