My team, my set, my fam  
My dreams, my checks, my plans  
My knees, my respect, my stand  
My jeans, my sweats, my pants  
My keys, my lex, my van  
My weed, my ex, my grams  
My please, you ain't sex my man  
You a tease bitch you not hard

Just because I take you out  
But you let me break your back  
Plus I got a safe in your house  
And I got wait in your The longer I wait I'm out  
Gave you what make you shop  
Tear your clothes, break you down  
This I break it down, slum, ha!

My bills, my trips, my cash  
My wills, my tits, my ass  
My heels, my fix, my bags  
My deals, my chicks, my pass  
Who square, who snitch, who brag?  
My spills, my gifts, my bads  
He's still just sit relax  
Don't leave, baby I'm not  
Ever gonna do it again  
Never gonna screw with your friend

Never take back the jewels in your benz  
Never break the rules cause one Never turn around your smile  
Less 100 was fine  
How are we make it now  
This I break it down, vado

My pain, my struggles, my game  
My room, my gossip, my name  
My battles, my l's, my wins  
My air my sins  
My courage, my strength, my heart  
My passion, my world, my life  
My focus, my level, my goals  
Nigga please, if you don't stop  
I'm gonn have to get revenge  
On enemies that pray for my end  
And I'm gonn have to go so hard  
Can't let them get the best of me  
And I'm gonna have to watch my back  
Cause they ain't gonna take my life  
Cause we burn your house  
Your whole family gonn make it out, whoa  
You could take it as a threat.
