

Hard to Be Vain

Vains of Jenna

Sexy sugar on the subway train
It's all about the money, all about the money
Cocaine habit just to ease the pain
And to face away again!

I took my shit and left a message to
A lonely kid screamin', it's all about feeling
Pissed off and out of control
It's HARD TO BE VAIN in a world that ain't easy

Don't wanna be there when she falls
Don't wanna be there when she cries

(she's got)
She's got her hands all over me
(she was)
And she was taken n' taken away
(she's got)
She's got her hands where no one can see
She's got her hands all over me
When she screaming to the night
She goes down just to get high!

Young and lonely on the 1 AM
It's all about leaving, it's all about dreaming
Used to be easy when it all began
Just go a little crazy
Sugar's fuckin' crazy!

Don't wanna be there when she falls
Don't wanna be there when she cries
Yea

(she's got)
She's got her hands all over me
(she was)
And she was taken n' taken away
(she's got)
She's got her hands where no one can see
She's got her hands all over me
When she screaming to the night
She goes down just to get high!

Give it to me Nicki...
