

Nihilist

Vallenfyre

Devils walk among us
Under veils of oppression
Nihilist
Forced to recite
The verse
The curse
From birth all blank slates will be infected
The prize in sight
To test the flesh
The wolves begin to circle the unprotected

[Guitar solo]

United by hate
And radical delusion
Nihilist
Forced to recite
The verse
The curse
From birth all blank slates will be infected
The prize in sight
To test the flesh
The wolves begin to circle the unprotected
