I know what you're feelin' what you're feeling is easy to see.
I know what you're dreamin'
I have those same dreams.

Woa.. Reachin' for the beat again.
Lookin' for a sign.
It was right here all the time, time, time, time...

I am you and you are me.

Don't you trust me? Me Wise Magic Ow! Baby it's all right. If you could see Through my eyes, Me Wise Magic

I feel you breathin'
Don't you trust me...(trust me)
I feel you agreein'
I know what you need

(whoa) Don't you lie
Just you listen thru me
My words at best to you
A fortune coo coo cookie

(Who are you and where are we?)

Don't you trust me? Me Wise Magic Yeah yeah! Woahohoh! If you could see See through my eyes, Me Wise Magic

A little zen headed your way You'll get it halfway down the interstate Four days from now It all goes clear A Buddhist riff for your inner ear
