

# Transformation

Van Morrison

Gonna be a transformation  
In your heart and soul  
Gonna be a transformation, baby  
Now that you know  
Get used to righteousness when it makes you feel whole  
Gonna be a transformation, baby  
Down in your soul

'Member when we were downhearted  
Didn't have nowhere to go  
And the wisdom of insecurity  
Just knowin' that we know  
Then something starts happenin'  
Feel like you're on a roll  
Gonna be a transformation, baby  
Down in your soul

But like a river keeps on wantin' to flow  
Keeps on advancing with the wisdom you know  
Time has a rhythm when the love is the love  
Love is forever, baby  
Down in your soul

Gonna be a transformation, baby  
Down in your soul  
Gonna be a transformation  
Now that you know  
Get used to righteousness 'cause it makes you feel whole  
Gonna be a transformation  
Down in your soul

Gonna be a transformation  
Down in your soul  
Gonna be a transformation, baby  
Now that you know  
Get used to righteousness 'cause it makes you feel whole  
Gonna be a transformation  
Right down in your soul
