Vanilla Ninja

C G Dmi C G F

C G Dmi  
I'm a happy to see we're still here

F  
I started to wonder

C G Dmi  
I needed to see you stay near

F  
Trough rain and thunder

C G Dmi  
I just wanna satisfy my dreams  
But I promise to hold on

C G  
Whatever you become

Dmi  
There are things left undone

F G C  
But I don't care at all

C G  
R: In stormiest weather  
Things won't get better

F  
When we are together

G C  
I don't care at all

G  
You sang me a love song

Dmi  
Sent me an angel

F  
When we are together

G C  
I don't care at all

C G Dmi

F G C  
Yes I don't care at all

C G Dmi

F G C  
It's a good to remember you

Thousand mistakes that I've made  
You always forgave me  
In our lives we love and hate  
Your kiss always set me free  
The way you can look right into me  
Wish it could last endlessly  
Needles and pins  
Will stay under our skins  
But I don't care at all

R: (2x)

Yes I don't care at all  
It's a good to remember you

But I don't care at all

R: (2x)

Yes I don't care at all  
It's a good to remember you
