

The Coldest Night

Vanilla Ninja

He could feel the secrets
She was hiding deep inside
Tell me of the nightmares
You have to fight

Rain of ice was fallin'
From the black clouds in her eyes
Demons on my mind
You can't exorcise

It's the coldest night
When I will wake you
If you follow me I'll take you
To the weird obsessions
In my soul
It's the coldest night
When I will let you
Look inside my hell so that you
Feel the pain that noone
Can console
It's the coldest night

If you ask a liar
He will leave the truth behind
Looking into fire
Can make you blind

Tortured by the unknown
Couldn't love her anymore
And he heard her cry
Just as he closed the door

It's the coldest night
When I will wake you
If you follow me I'll take you
To the weird obsessions
In my soul
It's the coldest night
When I will let you
Look inside my hell so that you
Feel the pain that noone
Can console
It's the coldest night

It's the coldest night
When I will wake you
If you follow me I'll take you
To the weird obsessions
In my soul
It's the coldest night
When I will let you
Look inside my hell so that you
Feel the pain that noone
Can console
It's the coldest night
