

# Realm of Obscure

Varathron

The night has begun  
Under most suspicious signs  
The most enchanting show  
Howling winds and racing rain!

The passing of time  
Is different in our world  
When you cross the threshold  
You can still change your mind!

Just another victim  
Of the dark lord's obscure designs!  
Just a mysterious passage  
To the wrath and merciless pain!

Balor the master of chaos  
Emperor of total darkness!  
Ruler of the fearful  
Dominates the obscure dimensions!

Master of chaos  
Total darkness  
Dominates the obscure  
Merciless pain

Bloody wounds  
And hideous pain  
A magnificent night  
For a terrifying world

In the night of Samain  
(he) secretly kidnaps humans  
(far from the) endless battle  
Sacrificed to the utter gods  
Bloody and hideous pain  
A horrible evil night!

Master of chaos  
Total darkness  
Dominates the obscure  
Merciless pain

Thoughts and visions  
Like a journey through time  
Towards the absolute empire  
Of Stygian darkness

Emperor of galaxy  
Abysmal darkness  
Realm of obscure  
Apocryphal blasphemy!
