

# Bad Habit

Varsity Fanclub

[Verse 1]

Girl I got some things to say  
Sit down put your phone away  
Don't want no interruptions baby listen  
I can't do this something's missing  
You always said that you will change  
Don't try to cut me off baby  
Baby girl you hold me back  
I'm out the door that's that

[Pre Hook]

Every time I say I'm gone I prove me wrong  
Cause I'm addicted I'm addicted to you

[Hook]

I try and try to leave but I just can't  
Let you go cause every single moment  
My heart says that I just can't quit  
I'm like the ending of a movie that you just don't get  
I don't show up late I never forget  
You got me running circles in my head  
No I can't quit you're my bad habit

[Verse 2]

I know I said I couldn't stay I try so hard to walk away  
But girl you got me itching  
And got me wishing I could break myself of you  
I try to be alone baby but you just take control of me  
And I keep tryna hide it  
And I deny it I don't need you anymore but
