

## Love You Now

Vashti Bunyan

I don't say I'll love you forever baby  
I don't say I'll love you forever  
But I know that I love you now

Dunno what tomorrow will bring baby  
Dunno what tomorrow will bring  
But I hope it can be like now

When you're near me  
I want it to stay that way  
But if a new dawn breaks  
Please understand baby

I can't say I'll love you forever  
Though I want to love you forever  
I can only say that I love you now
