

## Lover's Road

Vaughan Penn

You're so sensitive  
You can feel my pain in your side  
You're so sentimental  
You're the only trip I want to ride

So I hope you're goin' my way  
As I'm headed down this lovely lover's road  
And I hope you'll be stayin' round my place  
Cause the first time that I tasted rock and roll  
Was the first day that you looked into my soul  
And you made it okay to let it go

Oh oh oh oh oh let it go  
Rock and roll down to my soul  
Oh oh oh oh oh let it go  
Rock and roll down to my soul  
Life can be a struggle  
When insanity rules your mind  
Love can be a battle  
Or love's a peaceful easy fight

So I hope you're goin' my way  
As I'm headed down this lovely lover's road  
And I hope you'll be stayin' round my place  
Cause the first time that I tasted rock and roll  
Was the first day that you looked into my soul  
And you made it okay to let it go

I hope you're goin' my way  
I hope you're goin' my way  
As I'm headed down this lovely lover's road  
As I'm headed down this lovely lover's road
