

Drug Squad Collie

Vavamuffin

You look around trying to learn this city map
You wanna find a quiet alley to to smoke some pretty top
And you still must remember about da policeman shotgun
I'll tell you that, this something green in your pocket
May be snifed by the muppet in a bulletproof jacket, damn!
Babilon eradicates collie weed instead of chasing bandits, oh Lord!

Got a wicked bag of collie on the back seat of my Cadillac
wicked bag of collie me drivin' it forth and back.
A wicked bag of collie on the back seat of my Cadillac
And the policeman who tries to stop me down
Got a wicked bag of collie on the back seat of my Cadillac
wicked bag of collie me drivin' it forth and back.
A wicked bag of collie on the back seat of my Cadillac
And the policeman who tries to stop me down
