Velvet Revolver

She's all that I see  
And all that I breathe  
Take a breath and hold her in  
As her shadow's whispering  
I can hear the laughter  
Knowing what they're after  
While she flies beside me  
On many broken wings

Take, take a look around  
She's a pretty good dancer  
She dances on my grave  
Everytime it goes down  
Everytime she comes down  
Everytime we fall down  
She dances all over me

She's the world at my feet  
The sun that gives heat  
Take a rest and hold her near  
Or she'll float away from here  
Cause I'm knowing what you fearing  
And a sentimental jury  
And every mile that guides you  
I'll watch over everything

Take, take a look around  
She's a pretty good dancer  
She dances on my grave  
Everytime it goes down  
Everytime she comes down  
Everytime we fall down  
She dances all over me

And everytime that we feel it  
It's just another long wasted night  
And the dance that we tear  
Is just another way for you to roll over me  
And the bed that we're sharing  
Is the home that I wanna bring you  
Want to feel you  
I don't want to hear you

Take, take a look around  
She's a pretty good dancer  
She dances on my grave  
Everytime it goes down  
Everytime she comes down  
Everytime we fall down  
She dances all over me

She dances all over me  
She dances all over me  
She's a pretty good dancer  
Take, take, take a look around  
She's a pretty good dancer  
Everytime she comes down
