

You Got No Right

Velvet Revolver

A/D B C

I fell through the ice
She won't be coming back too soon
It never wins to lie
She said you'll never have no rights

D

(She said you'll never have no rights...no right)

B C D

I've took it farther on the outside
I've took it nearly to the brink
And if you've seen me on the outside
You would have barely seen me breathe

B C D

Funny right here I find myself
Inside a paper cup
Without a warning or a reason it's a treason
With no answer

B C

You got no right
To keep me waiting here
You got no right
To keep the pain in here

D

That holds the crown

B G D

And if I fall apart on the outside (You really don't believe me)
And if I take it to the brink
And if I fall apart on the outside / (You really don't believe me)
You would have barely seen me breathe

Emi G D

And if I meet you out tonight
Will you be loving me forever

A B B

It's always over after the night

F Emi D

It's always colder after the night

I broke through the ice
She won't be coming back again
It's been a year and a night

B G D

And if I fall apart on the outside (You really don't believe me)
And if I take it to the brink
And if I fall apart on the outside / (You really don't believe me)
You would have barely seen me breathe

B C D

And if I fall apart on the outside (She said you you'll never have no rights
)
And if I fall apart on the outside (She said you you'll never have no rights
)
And if I fall apart on the outside (She said you you'll never have no rights
)
And if I fall apart on the outside
