

You Keep Me Hanging On

Venke Knutson

Would you find me a place by the ocean
Where I can rest my head
I'll keep the garden growing
The soil for you seed to grow
Soil for the seed to grow
Would you find me a cause I can work for
A kingdom won't raise itself
I'll be an honest servant
Right by your side I'll stay
You keep me hanging on
You bring me days of love

I'll be your drop of rain
Until you follow me away
Follow me away
Would you find me a path I can follow
Where I can share my love
I'll keep your kindness growing
Share like you always share
Give like you always give
You keep me hanging on
You bring me days of love
I'll be your drop of rain
Until you follow me away
Follow me away
