

## From the Very Depths

Venom

Confess spit it out - I won't ask you twice  
All hear the great noise - As you roam the night  
The devil's mother's anger - Sister of the beast  
Temptations ultra vile - All sins released

I'll ask the question - You will confess  
Worshipping Satan - From the very depths

Rise up feel the fear - It's the witching Hour  
Grimen excepta - Maleficarum  
Your septic dark familiars  
Wild ceremonies  
The vestal virgin cries - All blessed be

I'll ask the question - You will confess  
Do you worship Satan? - From the very depths

Bit back blasphemy - What thou wilt command  
The Witches pendle - Satan's Command  
By torture inquisition - Do our dirty deeds  
Burn all show no mercy - All cursed ye

Asking the question - Blood tears and sweat  
Summoning Satan - From the very depths...  
Of Hell
