

## Hours of Darkness

Venom

Lost in the shadows, gaze into the void  
Feeding the bastards, rebirth or destroy  
Hours of darkness  
Turn on the night  
Awaken ebony  
Begin twilight  
Late in December coldness deadly chill  
The night is calling, it's kill or be killed  
Kill kill - Be killed  
Kill kill - Be killed - Kill  
Fading to blackness, Flat out on your back  
Reveals the answer, the time to attack  
Hours of darkness  
Turn on the night  
Awaken ebony  
Begin twilight  
Hours of darkness  
Turn into the night  
Eclipse is darkening  
Black wings flight
