

Sin

Venom

Do you feel disgusted?
Have you found you guilty?
Do you hide your eyes?
Stealing your sanity
Pride will make them angry
Lust and greed they envy, overdose gluttony
I am sloth and I'm bored
With your lies about
Sin, sin, sin
Original sin
Do you hide away?
Are your walls transparent?
For he sees it all
Your sadistic parent
Now you've found your way
And the truth was easy
Never gonna pray
For what's mine and should be
