

## Blue

### Vermillion Lies

I'd rather spend the night alone un my room,  
than spend a night alone next to you.  
When I'm close to you I,  
feel so alone.  
lonelier than when I'm all alone.

How can I tell you that I  
love you,  
without makin' this song blue?  
'Cause lately, it's blue lovin' you.

Your love, it changes with the moon.  
Oh yeah your love,  
it changes with the moon.

Your words are so sweet and so smooth,  
I could just eat 'em up with a spoon,  
but I know better.

Your love, it changes with the moon.  
Oh yeah your love,  
it changes with the moon.

I'd rather spend the night alone un my room,  
than spend a night alone next to you.  
When I'm close to you I,  
feel so alone.  
lonelier than when I'm all alone.

How can I tell you that I  
love you,  
without makin' this song blue?  
'Cause lately, it's blue lovin' you.

Your love, it changes with the moon.  
Oh yeah your love,  
it changes with the moon.  
Oh yeah your love,  
it changes with the moon.
