Suddenly i found myself without you one day, someday, you will be alone too for now i see you walking down the street with him and i will smell your breath on every girl's ??? why do you do it to me? well last time i went shopping i bought your favorite kind of ice cream it's still sitting in my freezer, it's screaming "you still need her" why do you kiss so softly? i love to watch you on stage you sing about love; you sing about ??? but your song is fading so fast you didn't write this case to last why do you do it to me? i couldn't help but notice the way you kiss her it's so much like the way that you said you couldn't be any prouder when you kiss me, kiss a little louder why do you kiss so softly?
