

## After Losing You

Vern Gosdin

Sometimes I want a drink till I drown  
Sometimes I wish that I was not around  
There ain't no way to win if I can't lose  
These memories of things we used to do

Sometimes I hold your picture till it hurts  
And wonder if my life is what love's worth  
Sometimes I wonder what I'm gonna do  
With me after losin' you

After losin' you anyone can see  
There's not much left to do  
With what you left of me  
I used to believe my dreams had all come true  
Now I wonder what I'm gonna do  
With me after losin' you

After losin' you anyone can see  
There's not much left to do  
With what you left of me  
I used to believe my dreams had all come true  
Now I wonder what I'm gonna do  
With me after losin' you

Now I wonder what I'm gonna do  
With me after losin' you
