

## How Can I Believe in You

Vern Gosdin

Lying hear with my head on my shoulders  
That used to be my place to dream  
Now it only make the cold nights colder  
And I'm afraid of what our future brings  
Holding you like holding a stranger  
Ah we're becoming strangers, and girl its killing me  
You ask me to believe that it's not over, Ah but how can I believe in you when you'll be leaving me  
Anymore when you tell me you love me  
Somehow it just don't feel the same  
And I cant help believing there's another  
cause your been whispering in your dreams  
Holding you like holding a stranger  
Ah we're becoming strangers, and girl its killing me  
You ask me to believe that it's not over,  
Ah but how can I believe in you when you'll be leaving me  
Holding you like holding a stranger  
Ah we're becoming strangers, and God its killing me  
You ask me to believe that it's not over, Ah but How can I believe in you when you'll be leaving me

How can I believe in you when you'll be leaving me
