Impossible Mile

Vern Gosdin

Jesus was His name
And love was His game
And every word He spoke
Was the truth
Guess who paid the cost
When they nailed Him to the cross
And He paid the price
For me and for you

Yes, He walked (Yes, He walked)
Up the hill to Calvary
God was giving up His only child
And it's there (Yes, it's there)
In The Book for us to read
How He walked that impossible mile

Oh, the thunder, it did roll
And the wind, it did blow
As they walked through the street in single file
And the blood began to flow
From the crown of thorns He wore
As He walked that impossible mile

Yes, He walked (Yes, He walked)
Up the hill to Calvary
God was giving up His only child
And it's there (Yes, it's there)
In the Book for us to read
How He walked that impossible mile

Yes, He walked (Yes, He walked)
Up the hill to Calvary
God was giving up His only child
And it's there (Yes, it's there)
In the Book for us to read
How He walked that impossible mile
