

Out of My Heart

Vern Gosdin

The only thing, I know that's good
About the days I'm livin' in
Is knowing I'm still learning
About what I don't understand
How two people that love each other
Have to live apart
It's enough to take the livin'
Out of my heart

When I get up in the mornin'
It's so hard to face my face
As it tells me from the mirror
I'd rather be at your place
It's hard to know we're still livin'
But we're livin' apart
It's enough to take the livin'
Out of my heart

Lovin' one way, livin' another
Who am I cheatin' on
The one I want to be with
Are the one I'm with at home
It's hard to hold the pieces
Of so many livin' parts
It's enough to take the livin'
Out of my heart

When I get up in the mornin'
It's so hard to face my face
As it tells me from the mirror
I'd rather be at your place
It's hard to know we're still livin'
But we're livin' apart
It's enough to take the livin'
Out of my heart

It's enough to take the livin'
Out of my heart
