

Two Good People with a Love Gone Bad

Vern Gosdin

A custom made house, a his and her garage
Big swimmin' pool in our back yard
We've got everythin' thing is we're sad
Oh we're just two good people with a love gone bad

Our friends they all think, they think we got it made
With all our success is just a big masquerade
To get what we got Lord, it took all that we had
Oh we're just two good people with a love gone bad

We're just two good people lovin' the wrong people
No feelin's for each other like we once had
We're just two people cheatin' on two people
Oh we're just two good people with a love gone bad

Oh we're just two good people with a love gone bad
