

## Road Less Traveled

Verse

I REFUSE  
To believe in blind traditions  
or buy into this fake world  
I will not ignore the truth  
I won't follow the sheep and be fooled  
I refuse to forget all that I've learned  
I see the truth that most choose to fight  
Because that is not what I have in mind  
as a perfect life  
I REFUSE  
To believe in blind traditions  
or buy into this fake world  
I will not ignore the truth  
I won't follow the sheep and be fooled  
I refuse to forget all that I've learned  
I see the truth that most choose to fight  
Because that is not what I have in mind  
as a perfect life  
I REFUSE when this world tries to poison me  
I REFUSE  
...I REFUSE...  
when this world tries to poison me  
I REFUSE to forget all that I've learned  
In a world force feeding so many lies  
All the confusion of CHOOSING SIDES  
I have searched and found what is best for me  
And this world will never that that from me
