

# Wake Up Dead

Veruca Salt

Wake up dead  
You're entitled to  
A night or two in bed  
Without disguises

Wake up dead  
You've decided to  
Spend eternity without surprises

Wake up dead  
You're excited to  
Wake up dead

But I will accept you  
Til the sun falls down  
And I will protect you  
Til the sun falls down

Wake up dead  
You're invited to  
Take a midnight stroll  
With Mephistopheles

Wake up dead  
You're awake enough  
To know just what it takes  
To get away from me

Wake up dead  
You're excited to  
Wake up dead

But I will accept you  
Til the sun falls down  
And I will protect you  
Til the sun falls down  
And I will respect you  
Til the sun falls down
