One Way to Go

You've got to lift yourself up so high You can't see the ground You don't hear a sound You've got to move it up so slow You see it all You'll probably fall

I'd rather die than see you fly Than see you try I'd rather die than see you fly Than see you try

It's like pushing locked doors to get in your mind I don't care what I find It's like pushing locked doors to get in your mind I don't know what I'll find

You've got to move me up So high it hurts So high it burns But if you let me down Don't bother to call Just let me fall I'd rather die than see you fly Than see you try I'd rather die than see you fly Than see you try

It's like pushing locked doors to get in your mind I don't know what I'll find It's like pushing locked doors to get in that mind I don't care what I find It's like pushing locked doors to get in that mind I don't care what I find It's like pushing locked doors to get in that mind I don't care what I find It's like pushing locked doors to get in that mind I don't care what I find It's like pushing locked to get in that mind I don't care what I find It's like pushing locked to get in that mind I don't care what I find It's like pushing locked doors to get in that mind I don't care what I find

It's only one...

One way to go One way to go One way to go
