When morning breaks We hide our eyes and our love's aching Nothing's strange It was in our hands from 6 to 10 It slipped right out again There'll be no better time There'll be no better way There'll be no better day to save me Save me Yeah, save me I hope you see like I see I hope you see what I see I hope you feel like I feel And the world don't stop There is no time for cracking up Believe me friend Cause when freedom comes I'll be long gone You know it has to end There'll be no better time There'll be no better way There'll be no better day to save me Save me Yeah, save me Yeah, save me I hope you see what I see I hope you feel like I feel Someone to stand beside me Beside me Beside me Beside me Beside me Weeping willow The pills under my pillow Weeping willow Pills under my pillow Weeping willow The Gun under your pillow Weeping willow Beside me Beside me Beside me Beside me
