

## Over

Vic Chesnutt

It ain't over til it's over  
Just like some joker said  
When it's over it is done  
And when it's done it's as good as dead

When it's good it sure is good  
Yes and when it's good it's great  
When it's great it's oh so wonderful  
But when it ain't it ain't

It sucks when it's over  
And you can't get it back  
Why do we all want to  
Like a pack of necrophiliacs

When the fat lady sings  
It's all been sung  
Collect up your belongings  
And clear the auditorium

It was fun while it lasted yes it was  
It was fun while it lasted  
Now it's all turned to dust  
It was fun while it lasted i must say  
It was fun while it lasted  
Now it's all blown away  
Everything blows away someday  
Everything turns to dust  
Big ol' mountains do  
As well as everyone of us  
And i love the dust
