

# Lovely Day

Vic Mensa

Every... where... you... go

Wake up wake up good morning  
Go to sleep like Clay did Foreman  
Ali Baba stole this Prada product  
Private stock storing  
Stupid booster used to  
Loiter on stoops with Chuk and Chancellor  
Make ya dance or chant my name  
And if not just change the channel  
Me and Yayo going ham in the whip nigga  
Fuck that taking shots in the parking lot  
Raps a tranny party room full of bitch niggas  
No synagogue quite unorthodox  
Top back like top that  
Top gun like Tom Cruise  
Tommy pickles, bitches jockin  
In they panties Moulin Rouge  
Red lipstick kiss slick as a slit wrist  
Quick draw Vic  
Put my dick on zip disk  
Or send it to her in a TwitPic  
Run up and die trying  
But id rather just get rich  
5-0 drive slow hot coal move ya feet  
Pick and roll ooh ya sweet  
Good to go o-o-oh

(4x):

Oh oh oh what a lovely day  
It...is what a lovely day

(2x):

Sun is shinin'  
Night is callin'  
I think I'm fallin'  
Fallin' for you

Not too loud cause the baby sleepin'  
And the next door neighbors they be tweakin'  
And the rent been due since last week  
But the last few nights been a crazy weekend  
We can communicate without speakin'  
She can feel what I been thinkin'  
I been thinkin'  
Maybe that maybe you had brought up and that baby  
I'm goin' out of my head a bit  
They told me come back down to earth  
Swerve lanes in a minivan packed full of  
Grade school kids and a pound of herb  
Urban disturbin' turban totin' terrorist smokin' potent  
Afghan my pack and I back hand ballot holders yea bitch I'm voting  
INNANET el presidito my runnin' mate just me and Nico  
He the genius I'm Don Carlito comeback season  
Drake in a pea coat  
Pullin' up in a stolen El Camino  
Like where the Black Keys go

Lean in my uh Jarritos  
(In Humboldt Park waving hi to the mamacitos)  
To you truly from the, one who loves you most  
Work your feet and then work your beck  
Say I'm a loser that's where it's at  
Too cool for school never had no fun  
Let's get crazy let's get stupid  
Stick a wet fork in a USB port  
INNANET electrocution
