

Same Kinda Thing

Vicci Martinez

No I don't but into nobody's business
Yours is a different kind
Somebody done broke your heart
Somebody broke mine

Cause we've got the same kinda thing going on
We've got the same kinda thing going on
So if we go into business together
We'll have a love that's strong yeah now

I don't want something for nothing
And you want a love that's real
To make love grow I know
We both got to give yeah

Cause we've got the same kinda thing going on
We've got the same kinda thing going on
So if we go into business together
We'll have a love that's strong yeah now

I don't but into nobody's business
Yours is a different kind
Somebody done broke your heart
Somebody broke mine

We've got the same kinda thing going on
We've got the same kinda thing going on
So if we go into business together
We'll have a love that's strong yeah now

We've got the same kinda thing going on
We've got the same kinda thing going on
So if we go into business together
We'll have a love that's strong yeah now

We've got the same kinda thing going on
We've got the same kinda thing going on
We've got the same kinda thing going on
