

Someday

Vicci Martinez

You watch some clouds roll by they uncover the sun
the smile upon your face now glows
you look into my eyes and
you see the future
and it's with you
by my side
why do you leave (why do you leave)
wait and see (just wait and see)
I'll be the one (I'll be the one)
that you will love
it will happen someday
someday

you drown from the surface
you make it so hard (so hard) to find out what's on your mind
I watch you sleep at night and
you looked so peaceful
Are you dreaming
of you and I

why do you leave (why do you leave)
wait and see (just wait and see)
I'll be the one (I'll be the one)
that you will love
it will happen someday
someday

you'll love me someday
you'll love me

why do you leave (o yeah)
wait and see
I'll be the one
why do you leave (why do you leave)
wait and see (just wait and see)
I'll be the one (I'll be the one)
that you will love

oh you will love
will happen someday (o la la la)
someday
