

Sunrise

Vicci Martinez

A brand new day
I rise above the rest
To find my way
It's just another test
And now I know
I look to the sky
And I fly to the sunrise

And here we are
Surrounded by our fear
And now's our time
It's never been so real
Don't let go
Of all the pain inside
And we'll fly to the sunrise

And we'll flyyyy

Here we are

To the sunrise

And we'll fllllyyyy
To the sunrise
Here we are babe
To the sunrise
Here we are
To the sunrise
And we'll fly To the sunrise
And we'll fly
To the sunrise
