

## He Loves Me

Vickie Winans

He loves me, he loves me, (yes me)  
He loves me, he loves me, (yes me)  
He loves me, he loves me, (yes me)  
He loves me, he loves me, (yes me)  
Yes me

Gave him all i had to give  
Because he said, that i could live  
Free from all anxiety  
Now i give him every part of me

Sent up a prayer, to him today  
And i know that he'll answers me right away  
Cause he cares for me like that  
Handles all his business  
And i know he's got my back

[Vamp:]  
Have you ever had somebody  
Give you what you need and more  
Turn  
In store  
Like a fantasy  
Love came back to me  
I know that like a remedy  
He will care for me  
Can't you see
