

# Happy To Have Known Pappy

Victoria Williams

Who's the one  
Who's the one  
Who's the one  
Who's the one  
Who's the one  
Who's the one  
Who's the one  
Who's the one  
Who's the one who made my life so fun

We're sad to see you go  
But we'll always remember you don't you know  
Yeah yeah yeah who's the one  
Who's the one who made my life so much fun

Arms open wide, big happy smile  
"So glad to see you my dear child"  
Oh who's the one, who's the one  
I would run to, just to find out why was I blue

Dear one, we are glad just to have known you  
Who's the one, who's the one

I'm a member of the "happy to have known pappy club"  
Ranging all the way from Pioneertown, California to Germany  
And even off to Australia - yes there were a few there  
Standing in the wake of the boat he left out in  
Standing in the wake of the boat he rode out in  
Yes Australians there were a few  
New Yorkers flew in too  
Some people came in from Boston  
Some drove in from Los Angeles  
I hear they even let someone out of prison too

I saw someone - with a tear in their eye  
I heard someone - with a song so high

Who's the one  
Who's the one  
Who's the one  
Who's the one  
That made my life so much fun
