I Can't Be Myself

Vince Gill

It's a way of mine to say just what I'm thinking And to do the things I really want to do And you want to change the part of me I'm proud of I can't be myself when I'm with you

You never liked the clothes I wear on Sunday Just because I don't believe the way you do But I believe the Lord knows I'm unhappy Cause I can't be myself when I'm with you

I can't be myself and be what pleases you

Down deep inside I don't believe you really want me to

It's not my way to take so long deciding

I can't be myself when I'm with you

I can't be myself and be what pleases you
Down deep inside I don't believe you really want me to
It's not my way to take so long deciding
I can't be myself when I'm with you
I can't be myself when I'm with you
