I lie here tonight in the darkness
I've never felt so alone
tomorrow I'll wake up still lonesome
'Cause things haven't changed since you've gone

You walked out with angry words spoken You're leavin' cut right to the bone I'll pick up the pieces you have broken Find the strength to go on

I still remember

How my love once held her

How long do old memories last

Why can't I forget it

Why can't I admit it

There ain't no future in the past

I still remember

How my love once held her

How long do old memories last

Why can't I forget it

Why can't I admit it

There ain't no future in the past
