

Sister Of Pain

Vince Neil

There's a little old place down south of La Grange
Where the whiskey flows and the nights go on for days
My home on the range
There's a sultry queen set her sights on me
Was the best damn thing that I ever seen oh ya
She's Evangeline

That preacher's daughter she took off her leather dress
She pulled me into sin and now I must confess

She's a

Sister sister of pain
She's a knock down drag it out, lick it up do it again

Such a sweet young thing took a bite out of me
She spread her cards out for all the world to see oh ya
I went willingly
She walked me back to a darkened room
Said this one's on me boy,
I want to see you howl at the moon and I'm talkin' soon

That night I saw the light I'd never seen before
When I thought my time was up she said how 'bout a, a
little more

For the

Sister sister of pain
She's a knock down drag it out, lick it up do it again

A sister, sister of pain
Drop down, spread 'em out, open up it's only a game

Suck your soul, make a blind man see
With a touch of her hand, brings a devil out of me
She held up a sign said have no fear
We got liquor up front, and poker in the rear

For the

Sister sister of pain
She's a knock down drag it out, lick it up do it again

A sister, sister of pain
Drop down, spread 'em out, open up it's only a game

Yeah

Sister sister of pain
She's a knock down drag it out, lick it up do it again

Yeah
