

Colors of Hate

Violator

Beneath the streets,
a common man is caged,
tormented and mortified.

Subjected to intense hurt
and mental shock,
horrified by a brutality
Unexplained

Tortured
Suffering to confess
The crime
Not match what they expect

Colors of Hate

Aggression based on skin color.
Disgusted to realize this violence
Racial intolerance.
Discrimination is a tool of the machine.

Oppression
A scar that never heal
Racism
A brand ripped in flesh

Colors of Hate
Racist Bastards!

Prejudice is the gun that guarantee
That we (already) live in a divided society
All the pain, all misery, has a history
And the past and its hate can't be erased
