

I Hear The Rain

Violent Femmes

I hear the rain
I hear the rain
I hear the rain
Got to kill the pain
I hear the rain
I hear the rain
I hear the rain
Got to kill the pain

Burrry me out on a lone prairie
Prairie water washin' over me
Burrry me out on a lone prairie
A friend who calls a coyote

I hear the rain
I hear the rain
I hear the rain
Got to kill the pain
I hear the rain
I hear the rain
I hear the rain
Got to kill the pain

Burrry me out in the lone city
Sewer water color of my tea
Burrry me out in the lone city
Sewer water wash we all down to sea

I hear the rain
I hear the rain
I hear the rain
Got to kill the pain
I hear the rain
I hear the rain
I hear the rain
Got to kill the pain

She use to sit and watch and wait
Now I think I'll go and sit
