

## Blast!

Viper

I listen almost everyday  
To the same lies hitting my face  
That will be better in the end  
But I don't really give a damn  
I trust a lot in who I am  
That's the only way  
Blast!  
I know I know you're waiting  
But I'm not gonna be waiting  
Waiting for the time  
That you blast me  
It took some time to realize  
If you don't kill sometimes you die  
I use the weapons that I have  
So if you wanna fuck 'em all  
You gotta make 'em beg and crawl  
That's my way  
Blast!  
I know I know you're waiting  
But I'm not gonna be waiting  
Waiting for the time  
That you blast me
