

Sing Along

Virginia Coalition

Come around, oh yea, yea, yea, yea

Come around, come around, everybody feels alone
Turn around, turn around, I can help you make it home
You started to believe that you'd never win
Everybody, everybody gets a chance to start again

You reach out across the divide
I reach out from the other side

I'm only singing what life's been bringing
If you feel it, why don't you sing along?
From the beginning this life's been winning
If you feel it, I know it can't be wrong

Come around, come around, everybody's making love
Turn around, turn around, looking for the meaning of
You started to believe you'd never find
Everybody, everybody's looking for a star to shine

You reach out across the divide
I reach out from the other side

I'm only singing what life's been bringing
If you feel it, why don't you sing along?
From the beginning this life's been winning
If you feel it, I know it can't be wrong

It's about holding on, it's about letting go
It's about not enough, it's about I don't know
It's about everything you could believe in, you believed in

It's about holding on, it's about letting go
It's about not enough, it's about I don't know
It's about wanting just a little bit more, yea
Don't you want a little more, ahh
Don't you want a little more

And I'm only singing what life's been bringing
If you feel it, why don't you sing along?
(Why don't you sing along?)
From the beginning this life's been winning
If you feel it, I know it can't be wrong

I'm only singing what life's been bringing
If you feel it, why don't you sing along?
(Why don't you sing, why don't you sing along?)
From the beginning this life's been winning
If you feel it, I know it can't be wrong

If you feel it, I know it can't be wrong
(I know it can't be wrong)
If you feel it why don't you sing along

Come around, come around, everybody's making love
Turn around, turn around, looking for the meaning of
