

## Bound to Die

Viron

So he'd just begun - Straight down the road  
Look what he has done - The reason unknown  
The victims are dying - And no chance they've got  
In mortal fear crying - Bound to die

Now run for your life, away from the evil  
He's right in your back, go go gol  
You're under attack, so run from the heathen  
He lusts for your flesh, no no nol

Insania is calling - His mind is destroyed  
A monster they made of him - Now greed takes it's toll  
He will take no prisoners - So get out of here  
In mortal fear crying - Bound to die

Now run for your life, away from the evil  
He's right in your back, go go gol  
You're under attack, so run from the heathen  
He lusts for your flesh, no no nol

Now run for your life

So he'd just begun - Straight down the road  
Look what he has done - The reason unknown  
The victims are dying - And no chance they've got  
In mortal fear crying - Bound to die

Now run for your life, away from the evil  
He's right in your back, go go gol  
You're under attack, so run from the heathen  
He lusts for your flesh, no no nol
