

# Moonlight Shadows

Virtuocity

I tried to reach a sign of love  
Then my heart bled again  
When I walked trough the gates

Like dreamers in the night  
When we walk in moonlight  
You took my heart, I couldn't believe  
Why, why I ever fall in love

I see your face on my mind  
I still wonder where you are  
When I look the stars

I walk, I walk, I dream, I dream  
In moonlight shadows  
I cry, I cry, I hide, I hide  
In moonlight shadows
