Were I God

Vision Divine

I see injustice everywhere
Only people moved by their greed
While this world sinks in pollution
We pushed animals to the brink of extinction

If I were a God I'd change it
No more evil, no sins no pain

Were I God
Believe me you'd stand by the rules I want
No more free will, you don't deserve it
Were I God
I'd fly from North to South around the World
And make you kneel down
A snap, goodbye
In the blink of an eye

In the name of "here and now"
We're nameless faces
All mercy has gone away for good
If I were a God I'd change it all
For the weakest, for the sake of just

Were I God
Believe me you'd stand by the rules I want
No more free will, you don't deserve it
Were I God
I'd fly from North to South around the World
And make you kneel down
A snap, goodbye

Were I God
Believe me you'd stand by the rules I want
No more free will, you don't deserve it
Were I God
I'd fly from North to South around the World
And make you kneel down
A snap, goodbye
In the blink of an eye
