

Anything Out There

Vivian Green

Yeah baby
You know you got it
Oh babe babe babe babe
You know I like it
Just how you do it

You got some kind of nerve
Oooo you puttin' in all that work
How you gone do me like that
Who told you to use me like that
Where'd you come from
Out the blue
I wasn't even expecting you
But you got me comin' right back
Cause baby I need it like that
I can't see nobody else
Just you and me all by ourself
And now that it's all said and done
I know that I got number one

And baby it's your love
That's sweeter, it's better, it's finer, it's greater than anything out
And baby it's your touch
That's sweeter, it's better, it's finer, it's greater than anything out
Anything out there (Anything out there)
Anything out there (Anything out there)
Anything out there
And baby it's your love
That's sweeter, it's better, it's finer, it's greater than anything out (any
thing out)

Ooo baby you go hard
You sure know how to raise the bar
You're showin' me all I deserve
You're bringin' me heaven on earth
I'm givin' you five stars
For just bein who you are
So there ain't no need to rehearse
Lets get straight to work
I don't want nobody else
Just you and me all by ourself
And now that it's all said and done
I found number one

And baby it's your love
That's sweeter, it's better, it's finer, it's greater than anything out
And baby it's your touch
That's sweeter, it's better, it's finer, it's greater than anything out
Anything out there (Anything out there)
Anything out there (Anything out there)
Anything out there
And baby it's your love
That's sweeter, it's better, it's finer, it's greater than anything out (any
thing out)

Everytime baby we make love
You pull me in deeper

I'll never get enough
It's sweeter, it's better, it's finer, it's greater
Can't nobody compare to you
You make me a believer
Keep doin what you do
It's sweeter, it's better, it's finer, it's greater

And baby it's your love
That's sweeter, it's better, it's finer, it's greater than anything out (you
r love, your love, your love, your love)
And baby it's your touch
That's sweeter, it's better, it's finer, it's greater than anything out
Anything out there (Anything out there)
Anything out there (Anything out there)
Anything out there
And baby it's your love
That's sweeter, it's better, it's finer, it's greater than anything out (any
thing out)
Anything out there (Anything out there)
Anything out there (Anything out there)
Anything out there
That's sweeter, it's better, it's finer, it's greater than anything out

It's yours
