You know I really love you baby, but you had to ruin everything  
No I'm not gonna cry I'm just saying  
We could have been good together, damn!  
You know I really love you baby, but you had to go and ruin everything  
Now I'm a big girl just saying, we could have been good together, damn!

So tired of waking up to your voice on my answering machine  
Saying the things that 2 years ago you could never say to me  
You must call pretty late you know  
I'm asleep and you're ashamed to talk to me  
And ashamed you should be  
Because you treated me so badly when I loved you

You know I really love you baby, but you had to ruin everything  
No I'm not gonna cry I'm just saying  
We could have been good together, damn!  
You know I really love you baby, but you had to go and ruin everything  
Now I'm a big girl just saying, we could have been good together, damn!

You say you miss me you love me  
I have moved forward seems you move back and why  
You realize you made the biggest mistake well babe it's too late 'cause  
I am happy right now no ain't got a man just happy with my damn self  
And I admit I loved you baby but I ain't crazy and I don't want you back

You know I really love you baby, but you had to ruin everything  
No I'm not gonna cry I'm just saying  
We could have been good together, damn!  
You know I really love you baby, but you had to go and ruin everything  
Now I'm a big girl just saying, we could have been good together, damn!

It's so nice to see that you developed a conscience  
Over the years I accept your apologies  
But no I don't want you back why couldn't you see it then  
Is it cause you aren't ready?  
Well, my world don't revolve around you, only me, I love you baby

You know I really love you baby, but you had to ruin everything  
No I'm not gonna cry I'm just saying  
We could have been good together, damn!  
You know I really love you baby, but you had to go and ruin everything  
Now I'm a big girl just saying, we could have been good together, damn!
